Our Personal Relationship to the Universe and the Impersonal Awareness

The Absolute
Pure Awareness, A boundless unreflected No Thing that exists in Itself. Source of all things.

Unmanifested Mind
Undifferentiated awareness, Unwitnessable by the mind, Transformer of a more powerful awareness, “Cradle of creation.”

Manifested Mind
Entire space-time realm, Cannot exist without awareness, Witnessable “Concourse of all souls,” Illusory.

Seemingly Individualized Mind and Body
Projection-reflection, “Dust storm of consciousness.”

Stillpoint of Awareness
Light of the Absolute
